i-tec USB Smart Charger 6x USB-A Port 52W

i-tec USB Smart Charger 6x USB-A Port 52W

PRODUCT DESCRIPTION

i-tec USB Quick Charge Smart Charger 6 Port 52W is a USB charger for mobile phones, tablets, GPS, power banks, music players, cameras and other digital devices. You can charge 5 devices using the charger's five USB-A ports and 1 device using the Quick Charge 3.0 port, for a total of up to 6 USB devices charging at the same time. All the DC 5 V / max. 2.4 A USB ports are designed for quick and efficient charging of mobile devices that require high supply current.

Another major plus of the adapter is its 1x USB-A Quick Charge 3.0 port, which can be used to quickly charge mobile phones that support this feature. Quick Charge 3.0 can charge a mobile phone from 0% to 80% in a mere 35 minutes, which is 4 x faster than standard charging. Quick Charge 3.0 is also backwards compatible with versions 2.0 and 1.0 in case your mobile phone supports one of these older versions.   Input voltage of AC 100-240 V allows the device to be used anywhere in the world. This mains USB charger will find use in households, shopping centres or offices.
